

J.A.Ms. – Junior Alliance Missions or Junior Alliance Ministries - A great way to get *young* ladies (you set the age) involved in missions early! Have a monthly meeting. Include a short Bible study or devotional. Do a field study (use the feature in the AWM resource guide). Raise money together to send donations to a project the girls have chosen to support, i.e. a local ministry, your adopted MK's family, victims of a local or national crisis, etc. Set aside time to pray for the chosen project or the field study ministries. Occasionally have a sleep over or other social event to build camaraderie.
